

REMARKS

In the Patent Office paper of April 19, 2005, it was noted that the translation of claims 4, 5, 6, 8, and 10 did not include the multiple dependencies. A new translation was required.

A new verified translation of the specification and claims accompanies this response to the April 19, 2005 Patent Office communication. The translation of the specification remains the same, but the translation of the claims has been revised.

The amendment to the claims in Preliminary Amendment A was based on the first, hence incorrect, translation of the claims. The present amendment amends the newly filed claims to bring them into substantial conformity with the previous amendment.

An early allowance of all claims is requested.

Respectfully submitted,

FAY, SHARPE, FAGAN,
MINNICH & McKEE, LLP
